FROM THE LEADERSHIP

“REVA was built on a dream — to empower young minds not just with education, but with the courage to lead, solve, and create. Over the years, we’ve nurtured a generation of thinkers and doers. Today, as the world evolves faster than ever, REVA remains committed to preparing our students to rise with it. We call this commitment ‘Educate to Enterprise’ — a promise to turn learning into impact.”

Dr. P. Shyama Raju

Founder & Chancellor
REVA University

“Today, we carry this dream forward with renewed energy, fresh perspective, and bold ambition. ‘Educate to Enterprise’ is more than a philosophy — it’s a mindset we’re embedding in every corner of REVA. We’re creating a campus where curiosity is fuelled, risks are encouraged, and every student is empowered to think boldly and act responsibly. The mission continues — to shape the leaders, innovators, and problem-solvers of tomorrow.”
